# Brass Urns

---

*These Brass Urns are made by skilled artisans in Northern India, using traditional methods to mould and carve the metal into intricately designed pieces that really sparkle. Available in both a large ashes urn and smaller keepsake size in the traditional shape along with a heart-shaped keepsake urn.*

## Stone Urns

*Our organically shaped urns from the Philippines are hand carved from lava stone (shown on left), making them suitable as outdoor garden pieces. They become a living part of their environment as they grow a coat of lichen or moss. Our marble urns come from highly-prized stone caves in Asia. As a natural product, suitable for indoor and outdoor use, no two marble urns are identical and are finished and polished by hand.*

# Heart Keepsake Urns

*Our heart keepsake urns are either brass or ceramic. Available in two different sizes, they can either be used to hold your loved one or just a small amount to keep with you. Whether kept in a secret place or on display in the house, a metal stand is available to house the heart in a stylish and safe manor.*

# Truly Treasured Collection

*From the Legacy range, each piece of jewellery is crafted from nickel-free 925 sterling silver or surgical stainless steel. The pendants below have either the ability to hold a small amount of cremated remains or a lock of hair. Selected pieces can also include a fingerprint, custom engraving, authentic signature or laser etched photo.*

# Ashes into Glass

---

*Ashes into Glass jewellery symbolises eternal love and togetherness. It holds a lifetime of special memories and tells a story that is deeply personal to you.*

*Your Ashes into Glass stone is hand crafted from your Loved one's ashes together with coloured glass crystals and molten glass crystals.*

*It is cut, polished and toughened before being set in the solid, cast mount. The stone is even more durable than the metal and the colour will stay vibrant, reflecting the timeless bond you share with your loved one.*

*Your own personal message is delicately engraved onto your item of jewellery, a few words that hold special meaning. Rings are hand made to fit your finger. Pendants come complete with an 18-inch hallmarked chain.*

*The memorial paperweight is a daily reminder of a special person to have and to hold in your home. Your paperweight can be delicately engraved underneath with your own personal message.*

*If you would like the full Ashes into Glass brochure please ask one of the Murray's team.*
